BENEFITS

- A deeply hydrating cleanser
- Prevents water loss
- Restores suppleness
- Gently exfoliates

Specifically formulated to hydrate and rejuvenate mature skin 50+, Fountain Bio-Cream Cleanser removes impurities, gently exfoliates the skin and increase cell renewal to enhance clarity and increase moisturisation, leaving your skin looking and feeling brighter and healthier.

Contains: Macadamia Nut Oil, Natural Vitamin E, Pomegranate Enzyme and Actizyme – an advanced botanical ingredient that mimics natural exfoliation.

DIRECTIONS: Apply generously to your face, throat and décolletage, morning and night, avoiding the eye area. Rinse thoroughly. Follow with the Fountain Legacy Hydra Boost Day Cream or Rejuvaceal Night Cream.

KEY INGREDIENTS

GLYCERIN

a skin-replenishing and restoring liquid that defends against dryness and helps your skin maintain a healthy look and feel.

PANTHENOL

a water-soluble substance that is absorbed easily by the human body. Made from d-pantolactone, found in honey, panthenol attracts moisture from the air and binds to hair follicles, making hair feel lubricated and appear shiny.

BIOPHYTOSEBUM

a non-greasy active emollient from olives with good penetrating, moisturising and nourishing properties to restore the suppleness of the epidermis

AJIDEW NL50

a moisturising humectant that prevents water loss and leaves skin looking soft and hair manageable.

PENTAVITIN:

a 100% plant-derived ingredient that ensures instant, deep hydration and generates a moisture reservoir that lasts for 72 hours.

ACB MODIFIED POMEGRANATE ENZYME PF:

has anti-inflammatory and anti-microbial properties and can increase cellular renewal. In skin and haircare products, it promotes gentle, effective, exfoliation by capitalising on the properties of proteolytic enzymes to reveal shiny, clean hair and revitalised skin!
