

COLOR - RECONSTRUCTIVE HAIR MASK

250ml | Code 2227 | RRP \$42

REPAIR | REPLENISH | SHINE

BENEFITS

- Provides a powerful boost of natural oils and reparative proteins
- Restores elasticity, shine and strength to damaged hair
- Provides deep conditioning to the core of the hair shaft
- Makes hair easier to brush and style

DIRECTIONS: Apply a generous amount of this hair mask for damaged hair to towel-dried hair. Comb through and let the treatment absorb for 5-7 minutes. Rinse thoroughly. Recommended to be used weekly.

KEY INGREDIENTS

ARGAN OIL

extremely rich in vitamin E and antioxidants, argan oil is light and non-greasy and absorbs easily. It protects the hair from harmful environmental aggressors while caring for the scalp and restoring shine to dull, lifeless hair.

KERAMIMIC 2.0

combines the best of science and nature for intelligent repair of damaged hair. Developed using advances in proteomics, Keramimic 2.0 contains the amino acid sequences of peptides that match keratin proteins found in cuticular and cortical regions of human hair. The highly functioning conditioning active provides targeted repair to the most damaged surfaces of the hair.

BIOPOLYMER HA-24

Adheres well to the skin and hair, providing softening, smoothing and lubricating properties and extended hydration.

PROCONDITION™22

A vegetable-derived conditioning agent that repairs the hair shaft and provides superior anti-static (fly-away) ease when combing dry hair.

PANTHENOL: made from d-pantolactone, which is found in honey, panthenol is water-soluble and absorbed easily into the human body. Panthenol attracts moisture from the air and binds to hair follicles, making hair feel lubricated, but not greasy and appear shiny.

INGREDIENTS:
