BENEFITS

- Encourages elastin and collagen production
- Firms skin
- Helps prevent new lines from forming
- Provides long-lasting hydration

This anti-aging face cream has nourishing and protective properties designed for ultra-dry and mature skin in need of repair.

Complete Moisture contains a unique mix of active peptides to encourage collagen and elastin production. The anti-aging face cream enhances the tightness and resilience of your skin while helping to prevent new lines and wrinkles from forming..

DIRECTIONS: Apply this anti-aging face cream gently to your face, neck and decolletage after cleansing and toning with your favourite Fountain products. Use morning and night

KEY INGREDIENTS

ADVANCED MOISTURE COMPLEX

A moisturising complex with intense short and long-term hydrating activity (up to 24 hours).

HYADISINE

Marine-based active ingredient with a high water-retaining capacity to provide long-lasting moisturising and immediate wrinkle reduction.

RELISTASE

Designed to treat sagginess in mature skin.

ARGAN STEM CELLS

Improves the regenerative capacity of dermal stem cells. Helps to accelerate the skin's natural repair process and fight skin aging right at the root, achieving deep-seated rejuvenation of the skin.
