- Provides your hair with a look that's glossy and glamorous

Fountain Curl Shampoo is

DIRECTIONS: Apply a generous amount of this shampoo for curly hair to wet hair. Gently massage the scalp so the shampoo forms a foamy lather. Work the lather through to the ends. Rinse completely and follow with Fountain Curl Conditioner.

KEY INGREDIENTS

AC RICE COMPLEX

Delivers protection and optimizes the integrity of hair while enhancing curl retention. It contains a unique blend of rice amino acids, stearyl CoA-desaturase (SCD-1), tomato bioferment and keratin amino acids, which work synergistically to improve and protect the hair by conditioning, hydrating and reducing moisture loss.

QUINOA PRO

A multi-functional natural protein for hair-color retention, conditioning and protection. It improves hair color uptake for a more concentrated color, increases styling ease and shine for healthier looking hair.

BAOBAB TEIN

Provides exceptional anti-aging benefits for hair. It nourishes hair and helps protect it from breaking, making treated hair stronger than virgin hair. It calms frizzy hair so it feels softer and smoother, and instantly improves hair manageability for easier combing, thereby protecting fragile, wet hair from cracking and breaking.
