

ALL SKIN TYPES | MOISTURE

DYNAMIC MOISTURE

50ml | Code 1160 | RRP \$62

SMOOTH | SOFT | YOUTHFUL
CONTAINING PEPTIDES AND FIRING ACTIVES.

BENEFITS

- Promotes skin cell renewal
- Retains moisture
- Improves firmness
- Helps prevent visible signs of premature aging

Anti-ageing, rejuvenating and protective moisture designed for ultra-dry and mature skin requiring rich nourishment and repair. Complete Moisture also contains a unique mix of advanced active Peptides to encourage collagen and elastin production; enhance tightness and resilience; and help to reduce the appearance of facial lines and prevent new lines forming.

DIRECTIONS: Apply the face moisturiser to face, neck and décolletage after cleansing and toning with your favourite Fountain products. Use morning and night.

KEY INGREDIENTS

TRYPEPTIDE-1

Contains three amino acids - glycine, histidine and lysine - to target skin cell renewal through the regeneration of collagen. It also helps prevent visible signs of premature aging caused by UV rays and pollution.

HEXAPEPTIDE-10

A chain of six amino acids that stimulate cell activity and cell reproduction. Collagen is encouraged to rebuild, resulting in the reduction of fine lines and pore size.

HYDROLYZED WHEAT PROTEIN

Moisture-retaining and balancing properties to improve firmness and overall appearance.

INGREDIENTS: Water (Aqua), Triethylhexanoin, Pentylene Glycol, Ethylhexyl Cocoate, Glycerin, Cyclomethicone, Stearyl Alcohol, Glyceryl Stearate, PEG-100 Stearate, C12-15 Alkyl Benzoate, Pseudoalteromonas Ferment Extract, Cetyl Alcohol, Benzyl Alcohol, Hydrolyzed Wheat Protein, Hydrolyzed Soy Protein, Dimethylmethoxy Chromanol, Tripeptide-10 Citrulline, Tripeptide-1, Hexapeptide-10, Lecithin, Butylene Glycol, Carbomer, Xanthan Gum, Triethanolamine, Sodium Hydroxide, Caprylyl Glycol, Phenoxyethanol, Fragrance (Parfum).
