BENEFITS

- Nourishes and repairs skin at a cellular level
- Increases and promotes collagen production
- Promotes smoother, firmer skin
- Helps prevent damage for skin that radiates health

Give your skin a powerful collagen boost with Fountain Timeless Anti Aging serum, a peptide-infused oil designed to nourish and repair your skin at a cellular level. This anti aging serum contains the TRYLAGEN peptide to increase and promote collagen production and give you a look that's smoother, firmer and more youthful. Timeless II also contains a unique blend of avocado, evening primrose, rosehip, neroli, jasmine and patchouli oils that work together to prevent damage and help your skin repair itself. Suitable for all ages and skin types.

DIRECTIONS: Shake bottle before use. Apply around 5 drops of the anti aging serum to a cleansed face and massage gently into your skin. Follow with your favourite Fountain moisturiser. Our Timeless Collection of peptide-infused oils can be applied up to 2-3 times per day.

KEY INGREDIENTS

TRYLAGEN

combines active peptides and proteins to restore the collagen levels in skin, and maintains an adequate long-lasting collagen function that ensures healthy and youthful-looking skin.

HYLASOME EG10

its unique gel structure helps hold water and decreases transepidermal water loss. When applied to the skin, it forms a film on the skin to deliver moisture over time. It also increases antioxidant activity to combat damaging free radicals and the signs of skin aging.

PENTAVITIN

a 100% plant-derived ingredient that ensures instant, deep hydration and generates a moisture reservoir that lasts for 72 hours.

NATURAL VITAMIN E

a powerful antioxidant that helps fight free radicals and reverse the signs of aging. Its restorative and anti-inflammatory properties help keep skin in good condition and looking younger for longer.

BIOPHYTOSEBUM

a non-greasy active emollient from olives with good penetrating, moisturising and nourishing properties to restore the suppleness of the epidermis.

AVOCADO OIL:

has nourishing and moisturising properties that help regenerate and rejuvenate dry skin and boost the skin's barrier. In haircare it makes hair look healthier, glossier and silkier.
