BENEFITS

- Helps your body to repair damaged cells
- Improves elasticity and firmness
- Assists with collagen production
- Protects skin from environmental damage

Fountain Timeless VII Firming is a skin tightening serum designed to nourish and repair damaged cells for skin that is firmer and brighter. Our skin tightening serum contains an innovative blend of peptides and natural oils to penetrate the skin at a cellular level and improve elasticity and smoothness. The blend of jojoba, wheat germ, macadamia nut and other natural oils helps to protect the skin from damage, while the peptide blend assists collagen production, resulting in skin that looks healthy, firm and radiant. Suitable for all ages and skin types.

DIRECTIONS: Shake bottle before use. Apply around 5 drops of the skin tightening serum to a cleansed face and massage gently into your skin. Follow with your favourite Fountain moisturiser. Our Timeless Collection of peptide-infused oils can be applied up to 2-3 times per day.

KEY INGREDIENTS

PHYTOSQUALANE

A natural emollient that prevents trans-epidermal water loss and restores skin suppleness.

JOJOBA OIL

A naturally occurring liquid wax ester made from the jojoba bean which has many similarities to the sebum, secreted by the sebaceous glands, and plays a major role in the protection and lubrication of the skin and hair. This oil applies easily, offers deep penetration and significant moisture retention together with high nourishing properties.

MARIMOIST

A rare and precious marine-based biopolymer complex providing the ultimate in water release and textural sensation. MariMoist

imparts a light, silky film that instantly hydrates, cools and soothes the skin, leaving it feeling moist and refreshed.

RELISTASE

A tetrapeptide designed to treat sagginess and unfirmness in mature skin. Relistase stimulates type I collagen synthesis, enhancing skin elasticity and tightness.

NATURAL VITAMIN E

A powerful antioxidant that helps fight free radicals and reverse the signs of aging. Its restorative and anti-inflammatory properties help keep skin in good condition and looking younger for longer.
